

## Use of Image Authorisation

'Musicart Sarrià' has an online space where it informs and shares its activities. Printed media publications also take place along the year with the same purpose.

On this online space we may share images and videos in which, individually or in groups, our students appear performing such activities.

Given the right to the use of image as recognised in the Article 18.1 of the Spanish Constitution and regulated by the Law 5/1982, May the 5th, regarding the right of honour, personal and familiar intimacy and own image, the School Administration asks for parental consent so it can share images and media support where their children may appear, or where they may be clearly recognisable.

I, (Name and Surname):

With ID Num.or Passport Num.:

Certify that my child's image may appear on images or media content regarding the academic activities organised by 'Musicart Sarrià' and published on its online spaces, media content for non-commercial public dissemination, photographs for magazines or publications within the education sector.
